

GMM Green Club Lesson Plan

getMØREmath!

Goal:

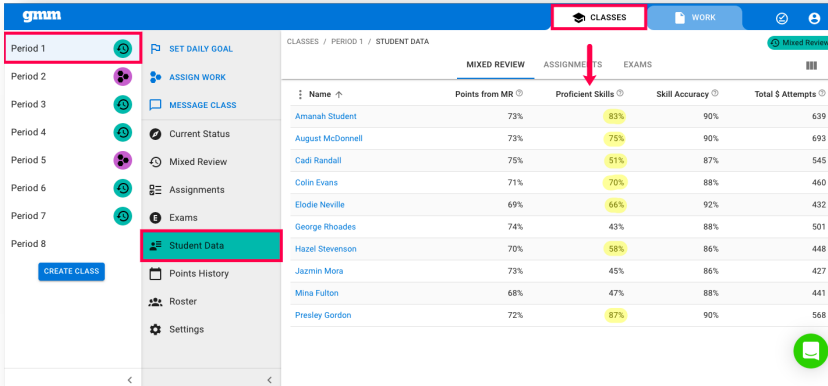

Motivate your students to showcase their long-term proficiency by changing the color of their squares to green, silver star, and gold star! The more points your students earn in Mixed Review, the more opportunities they will have to see these color changes.

Materials:

- Devices (Chromebooks/iPads/computers)
- Green Club Tickets
- Green Club Name Tags (laminare if desired)
- Green Club Poster (click [here](#) for directions on printing poster size)

Lesson:

1. Once a week, check Student Data for Proficient Skills.
2. If at least 50%* of a student's skills are Proficient, give that student a Green Club Ticket. They are a member of this week's Green Club!

Name	Points from MR	Proficient Skills	Skill Accuracy	Total Attempts
Amanah Student	73%	83%	90%	639
August McDonnell	73%	75%	90%	693
Cadi Randall	75%	91%	87%	545
Colin Evans	71%	70%	88%	460
Elodie Neville	69%	66%	92%	432
George Rhoades	74%	43%	88%	501
Hazel Stevenson	70%	58%	86%	448
Jazmin Mora	73%	45%	86%	427
Mina Fulton	68%	47%	88%	441
Presley Gordon	72%	87%	90%	568

3. Display each member's Green Club Name Tag on the Green Club Poster for the week. Remove all Green Club Name Tags at the end of the week.
4. At the beginning of each week, repeat steps 1 - 3.
5. At the end of the marking period, collect all Green Club Tickets to be entered into a drawing for a large prize. (**Alternate Option:** Green Club Tickets can also be collected each week to be entered into drawings for smaller prizes.)

*The percentage of Proficient Skills can be adjusted to meet your needs.

Good luck, have fun, and getMØREmath!
